

# The KY3P® EBA Outsourcing Solution

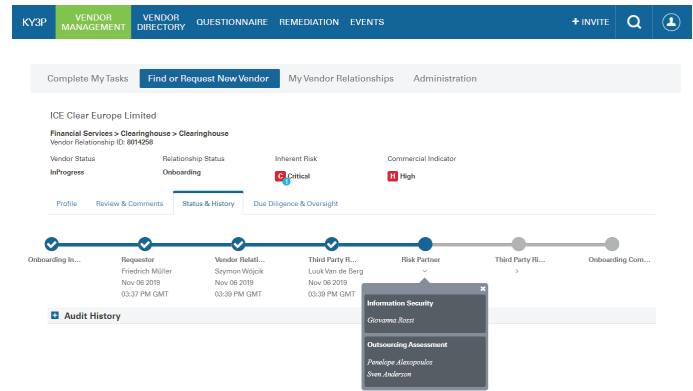

The European Banking Authority (EBA) guidelines on **outsourcing** and **third party risk** management **apply now** and are being implemented across the EU/EEA.

**KY3P** has developed a **turn-key** solution that allows you to **quickly** establish a **register** of outsourced engagement and conduct relevant **due diligence and oversight**

## 1 National regulators require Financial Institutions to have **sound governance arrangements**

**KY3P** provides an end-to-end solution:

- onboarding of third parties
- record third party service details
- store evidence/documents
- identify and conduct due diligence
- calculate inherent risk
- determine and conduct risk based oversight
- terminate engagements
