## Securities Lending Returns in iBoxx USD Treasuries Index

## S&P Global Market Intelligence

iBoxx USD Treasuries Index is designed to reflect the performance of the USD denominated investment grade debt issued by the US Government. The index rules aim to offer a broad coverage of the USD bond universe, whilst upholding minimum standards of investability and liquidity. Securities Finance provides the securities lending return made from the bonds in the index since 2015 and further provides a break down by fee categories, ratings & years to maturity as well as the level of Utilization in the index constituents. There are currently 288 bonds in the index and all of them are out on loan.
