

Onboarding Accelerator for Securities Finance

Enhance the onboarding process with an automated and customizable end-to-end onboarding solution for the securities financing industry to achieve mutual approval between lenders and borrowers.

Designed to revolutionize

Integrating IHS Markit's Onboarding Accelerator tool into IHS Markit's Securities Finance platform ensures a standardized and transparent process for managing documentation and communication, understanding credit scores and reviewing inventory analytics.

Introducing Onboarding Accelerator for Securities Finance

With Onboarding Accelerator you can:

- Transform the onboarding process with automation, digitization, analytics, and data extraction
- Improve transparency and streamline communication across counterparties with real time updates into accounts and markets opening status
- Replace legacy processes with an automated end-to-end workflow centralizing the capture of data and documentation
- Realize efficiency gains over manual processes to accelerate time to achieve onboarding approvals
- Enhance client experience by reducing delays and administrative burdens
- Remove human error through automation of data capture across the onboarding process

Designed by global custodians and their clients

KEY BENEFITS

Standardize and automate to accelerate time to lending

Guide clients through your firm's onboarding requirements, improving their experience

Minimize operational risk

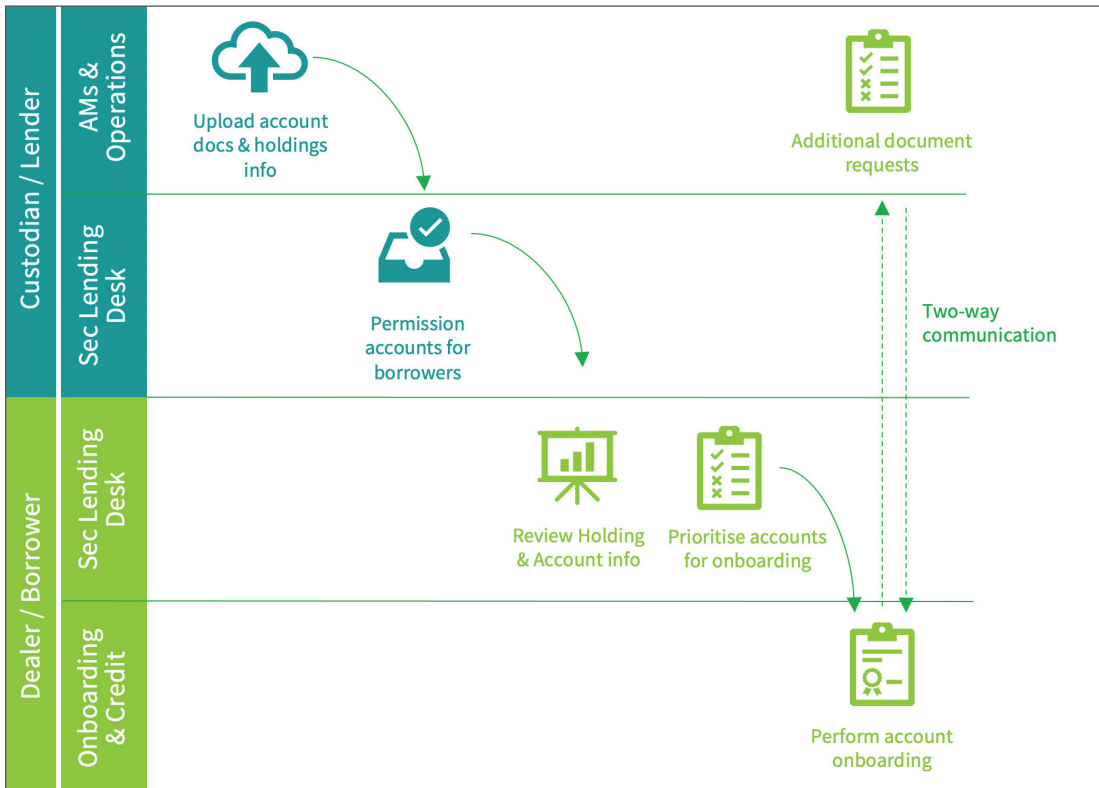

Analyse inventory to review the quality of assets in the lending programme and prioritise lender portfolios

Provide transparency and systematic controls and audit trails

Library of existing account documentation to enable rapid execution of new trading relationships and reviews

Onboarding Flow

End to end onboarding flow to achieve mutual approval for new accounts

A trusted global partner

As a leading global provider of managed services and enterprise solutions for financial institutions and multinational corporations, IHS Markit delivers modern technology, data and expertise that are leveraged by clients worldwide to minimize risk and improve operational efficiencies.
