IHS Markit iBoxx Global Government Index is designed to reflect the performance of global local currency denominated investment grade sovereign debt. The index rules aim to offer a broad coverage of the investment grade global sovereign bond universe whilst upholding minimum standards of investability and liquidity. IHS Markit Securities Finance provides the securities lending return made from the bonds in the index since 2015 and further provides a break down by fee categories, ratings & years to maturity as well as the level of Utilization in the index constituents. There are currently 888 bonds on loan out of the 1646 bonds in the index.
