VET Recruiter

VET Recruiter	
	<p>The VET Recruiter® is an Executive Search and Recruitment Firm specializing in the Animal Health, Animal Science and Animal Nutrition Industries as well as the Veterinary Profession. In addition to Direct Hire Placements, we handle Contract Staffing.</p>

VET Recruiter	
<p>VET Recruiter 7107 S. Yale Ave #315 Tulsa OK 74136 USA Tel: 918-298-7025 / or 800-436-0490</p> <p>stacy@thevetrecruiter.com www.thevetrecruiter.com</p>	<p>Our mission is to help Animal Health Companies and Veterinary Businesses acquire top talent which helps them increase their bottom line on a global basis, while helping Animal Health and Veterinary professionals attain career-enhancing opportunities that allow them to achieve the quality of life they seek.</p> <p>With our singular focus in the field of Animal Health, Animal Science and Animal Nutrition as well as the Veterinary Profession, there is no recruiting firm better connected in this market. Whether you need to hire one person or a team of people, or are looking to make your next career move, no one can help you achieve your goals faster and more effectively than The VET Recruiter®.</p> <p>We partner with employers that need to find talented people to help their business growth and become more profitable. Our clients range in size from Fortune 100 companies, to midsize and start-ups as well as veterinary hospitals throughout the United States and Canada. We help our clients locate and hire the best talent for their specific needs. We also accept select searches outside of the United States and Canada and have experience in Europe and in other parts of the world.</p> <p>Our goal is long-term partnerships with employers to resolve hiring challenges by providing the best candidates in the marketplace and not the best candidates who are 'looking' for a position. We find hidden candidates who are not in the job market but are willing to make a strategic move for the right opportunity. These are the individuals who have to be headhunted because they are not reading job advertisements.</p> <p>Our passion is to solve problems and to make a difference in the lives of people.</p>

Expertise in depth

Cyton is a full-service animal health consultancy providing specialist multi-disciplinary technical expertise in quality, safety and efficacy, as well as regulatory affairs for the following product types:

- Pharmaceuticals
- Immunologicals
- Novel therapies
- Feed additives

Our clients include 8 of the top 10 global animal health companies and we have an equally broad base of SME clients and start-up companies, giving us a wealth of varied experience and an appreciation of every client's uniqueness.

Our team: Cyton's veterinarians, chemists, toxicologists and regulatory experts work with a wide range of global contract research organisations and contract manufacturers, ensuring that product development projects can be delivered to match our clients' specific needs.

Global support: We understand the importance of local expertise, and through working closely with our sister companies and trusted partners, we can fulfil our customers' needs and achieve their product registrations in their target markets.

Contact us: Cyton has the technical and regulatory expertise to negotiate any challenges during product development and registration. Please get in touch for a free initial consultation.
