

# Commercial Vehicles in Operation

IHS Markit's Commercial VIO helps you address:

- Aftermarket analysis
- Direct marketing
- Fleet profiling
- Warranty analysis
- Dealer site locations
- Used truck sales
- Recall campaigns

A snapshot of the commercial vehicles on the road today

Would you like to know what types of commercial vehicles are in your area — what makes, models? Where they are running? Engine types? Vehicle specs? Age of a fleet's vehicles? IHS Markit's Commercial Vehicles In Operation (VIO) can help you answer these questions and many more.

IHS Markit's Commercial VIO is a census of all commercial vehicles (GVW Classes 1c-8) currently registered in the United States and Canada. Updated quarterly, the Commercial VIO database provides the most comprehensive information available for the commercial vehicle industry.

## The Most Up-to-Date Listing of All Commercial Vehicles Registered in the U.S. and Canada

IHS Markit's Commercial VIO offers you valuable knowledge about the operating inventory in your area. Information is compiled for the 50 United States and 13 Canadian Provinces and is available by the following attributes:
