Google Chrome

Access PDF settings via direct link and follow the below instructions:

1. In Chrome select Settings, Advanced, Privacy & Security, Content Settings, PDF Documents or copy and paste the following link in Chrome <chrome://settings/content/pdfDocuments>
2. Toggle on "Download PDF files instead of automatically opening them in Chrome".

3. When the PDF has downloaded, open with Adobe Reader. Right-click on the file and select "open with Adobe Acrobat" or change your computer settings to default to Adobe for opening PDF files.
