

Partnership Program 2025

Partnership Program 2025

CERAWeek is the premier annual gathering of global leaders offering shared learning, solutions, and insight into the energy future. CERAWeek is widely considered to be the world's most influential and prestigious energy conference. The CERAWeek community encompasses CEOs, ministers and senior decision-makers from energy, policy, finance, and technology, as well as leaders in industry, mobility, chemicals and more.

CERAWeek convenes the greatest minds from across the energy spectrum to explore the nature and pace of change—and the strategic and investment responses. It is a unique platform fostering connections and collaboration, and offers integrated, cross-industry content and perspective on what's ahead.

CERAWeek Partners benefit from high-level participation in the public and Partner Programs, distinctive visibility and branding, and bespoke engagement. Partnership includes knowledge contribution, dedicated liaison and delegation support, access to Leadership Circle Partner forums, engagement in peer-level communities, hosting and networking, and media support—combined under a single program designed to support the Partner's objectives.

“CERAWeek is a critical part of our overall annual schedule. We do real negotiations where commercial transactions are either completed, initiated or arranged.”

Meg Gentle,
Executive Director of the
Board, HIF Global

CERAWeek Partnership Overview

CERAWeek Partners contribute to advancing the CERAWeek mission—helping to build a culture of idea exchange, learning, and relationship-building between industry, government, and society to secure the global energy future.

CERAWeek[®]
by **S&P Global**

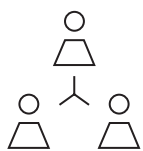

Community of **8,100+** executives serving as a premier global energy platform dedicated to advancing new ideas, insights and dialogue on the global energy future.

Partner programs are tailored to support the Partner's objectives and to enhance the value of CERAWeek to their executives. Partners benefit from high-level engagement before, during, and after the conference, maximizing the impact and experience of participation. Partner organizations are supported by the CERAWeek program alignment and delivery teams.

Partnership programs offer opportunities for Partners to deepen relationships with key stakeholders, develop and share ideas and thought leadership, enhance visibility and communicate key messages to a wider audience. Partnership enables active participation in all key components of the Executive Conference in a single, integrated program.

- Thought leadership and executive engagement
- Priority access to Partner and Professional Development Programs and concierge services
- Peer Hosting, interaction and networking
- Partner recognition, media and CERAWeek branding program

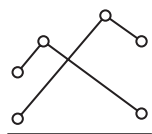

Partnership Levels

Foundational

Foundational Partners benefit from the highest levels of access, visibility, and executive support. These Partners play a leadership role within the CERAWeek community and are provided premier engagement and contribution. Foundational Partners may collaborate with CERAWeek to develop a customized program or community aligned with specific objectives. Foundational Partners may be invited to play leadership roles as co-hosts, offering a targeted engagement within a CERAWeek Professional Development Program (such as Future Energy Leaders, Women in Energy, and Energy Innovation Pioneers).

Foundational Partnership is reserved for a limited number of qualified Partners acknowledged as industry leaders in their field and who have designated CERAWeek as a priority executive engagement platform.

Strategic

Strategic Partnership supports active engagement and access across a wide range of the CERAWeek community, benefiting Partners with flexibility and support to align with specific Partner objectives. A dedicated CERAWeek team takes a consultative approach to plan and curate participation across each facet of the community, identifying opportunities for Partner executives to maximize their personal and organizational impact.

Strategic Partner's objectives are supported by the CERAWeek program alignment team. Partners receive priority consideration to contribute content and access to CERAWeek Partner Communities. Partners are asked to commit senior-level engagement, thought leadership contributions, and participation in the relevant Partner Communities.

Strategic Partnership extends past the CERAWeek Conference, as CERAWeek has expanded to offer annual programs and executive engagement throughout the year.

Industry

Intended for smaller delegations, Industry Partnership provides enhanced executive participation, brand recognition, access to shared meeting space, limited access to CERAWeek Partner Programs, branding, and support.

CERAWeek Partnership: Key components

Thought Leadership and Executive Engagement

Partnership enables focused engagement with senior communities, enhancing meaningful peer-to-peer relationships while highlighting the Partner's expertise and thought leadership.

Partnership includes CERAWeek Executive Conference Passes for use by Partner executives. Delegates may include Partner executives, customers, prospects, partners, board members, and other stakeholders (subject to S&P Global approval).

Priority Access to Partner and Professional Development Programs and Concierge Services

CERAWeek Program Alignment Team Access—Access to members of the CERAWeek program alignment team to nominate and propose topics and themes, to prepare and align Partner's internal stakeholders, and to gain insight into the event program.

Partner Liaison Manager—A CERAWeek Partner Liaison Manager (PLM) is assigned to each Partner to maximize the impact and efficiency of the Partner executives' participation. The PLM assists in planning and navigating the scale and complexity of CERAWeek. PLMs are full-time project managers who will strategically direct your experience through regular calls. They serve as a central point of contact and facilitate access to the broader CERAWeek planning team, while remaining focused on your objectives.

Peer Hosting, Interaction and Networking—Partners describe the networking at CERAWeek as one of their most important benefits. The CERAWeek Partnership program includes multiple ways for delegates to connect and meet with other members of the community.

“Every year, this is the place to be if you want to meet with Energy Executives and be a part of the conversation around the energy transition.”

Will Bernholz,
Vice President of
Marketing, 8 Rivers

Business and Hospitality Infrastructure

Private and Shared Meeting Rooms and Hospitality Facilities

are reserved exclusively for Partners. Access to a meeting space is determined by level of Partnership. Available spaces include:

- **Dedicated conference-level private Partner boardroom/hospitality room**—Adjacent to the conference floor with limited availability, these spaces are outfitted boardroom style during the day, and converted to networking/social spaces during the evening.
- **Private multi-room business suite with boardroom**—Located on an upper-level Hilton hotel floor, consisting of a boardroom-furnished meeting room flanked on either side by connected rooms that can be used as an operations center, a parlor/waiting room for the main boardroom, or an additional private meeting room.
- **Private Partner meeting rooms on dedicated Partner meeting floor**—Smaller, private meeting rooms on a secure upper-level Hilton hotel floor may be reserved by partners during the week or in 30-minute increments. Availability is limited.
- **Partner/Member Lounge and access to reservable meeting space**—CERAWeek Partner Lounge (3rd floor, Hilton) with private meeting space and restaurant-style tables for casual meetings and interactions.
- **Partner-hosted receptions**—Intimate gatherings hosted by Partners offering informal and relaxed discussions are available. A CERAWeek PLM will provide sample invitations and online tools to support the invitation process.
- **Colleague and non-colleague Partner guest passes**—Foundational and Strategic Partners are allocated a limited number of meeting passes, allowing individuals not registered to the Conference (such as Partner staff or business guests) access to Partner’s hospitality suite to attend private meetings and Partner’s private reception. Passes are limited to single day access, are non-transferable, and do not allow entry into the general the Conference area, Conference sessions, or general receptions.
- **Delegate list access**—Partners have access to the list of CERAWeek delegates (name, title and, company, and email address), updated periodically.

Partner Recognition, Media, and CERAWeek Branding Program—

Partners benefit from prominent branding and acknowledgment as a supporting CERAWeek Partner on-site, online, in select third-party media advertisements, and bespoke differentiated branding opportunities. Core Partner branding benefits include:

- Identification and recognition as a CERAWeek Partner in key promotional materials
- Logo included in pre-event marketing materials (may include national and international publications)
- Logo displayed on projection screens in main ballroom during select conference-wide keynote and plenary sessions
- Media exposure
- Logo placement on select on-site event signage
- Logo and company description (up to 250 words) featured in on-site or electronic collateral
- Logo and hyperlink to Partner's website on CERAWeek.com and mobile app

CERAWeek Virtual Platform — showcases videos of select Conference sessions, presentations, executive interviews, and press/media briefings.

- Link to downloadable files containing video and photos of Partner executive session participation at CERAWeek for use by the Partner to create custom video clips.
- A Partner executive is invited to participate in a CERAWeek Executive Interview, conducted by an S&P Global expert, to promote their participation and message. Interviews are featured on CERAWeek.com, and a downloadable link is made available for use on Partner's website and social media.
- Enterprise access by Partner to CERAWeek On Demand to share content with your colleagues.

Partner Support Passes — Partner companies may purchase support passes at a discounted rate to coordinate on-site executive participation. These passes are designed for use by administrative, PR and media support. Access is limited to pre-function spaces, and private meeting spaces. Staff with Support Passes may accompany an executive into a session where that executive is speaking or Partner Lounge.

Partner Enhancements

Partners may achieve specific objectives through custom enhancements. Partner may select from the list below or request to co-develop customized special programs with S&P Global.

Thought Leadership and Executive Engagement

- Custom S&P Global Expert Briefing for Partner's leadership team
- CERAWeek studio access for production-quality content and interviews broadcast from the Conference

Priority Access to Partner and Professional Development Programs

- Enhanced Partner Liaison Manager support services, such as to facilitate internal meetings in conjunction with CERAWeek
- Bid round hosting and support
- Board of Directors or executive team meetings

Peer Hosting, Interaction, and Networking

- Co-develop with S&P Global customized programs
- Partner-hosted CERAWeek conference-wide reception
- Partner-hosted bespoke private reception, luncheon or dinner
- Partner-hosted social outings, including golf tournament
- Partner-hosted public lounge or social area located on the ground floor of the hotel

Innovation Agora Membership/Partnership

The **CERAWEEK Innovation Agora** is a unique marketplace for ideas, connections and solutions to the world's greatest energy and climate challenges and is designed to foster interaction and dialogue and to stimulate creative thinking, new relationships and connections across traditional technology boundaries.

The Innovation Agora convenes an exciting global innovation and technology community—senior executives, technologists, entrepreneurs, investors, thought leaders, policy makers, and corporate innovators—all committed to creating new pathways and solutions for the energy future.

Agora Partners and Sponsors benefit from access to, and brand exposure in, the Innovation Agora Community.

Agora Partners may:

- Host private meetings with key industry and technology leaders
- Demonstrate the impact of Partner's technology and innovation on the energy industry
- Engage in interactive dialogues with peers and other industry delegates moderated by S&P Global experts
- Participate in invitation-only leadership discussions and events
- Present case studies and deep-dive innovative introductions in an intimate setting
- Attend one-on-one conversations with influential and inspirational thought leaders
- Record executive interviews and Partner messaging
- Host social gatherings and receptions to connect and explore specific communities

Agora Partner House

A limited number of Agora Houses are available.

Dedicated, large flexible area for demonstrations and experiences, branded hospitality, and private meetings and receptions. The House is a destination for executive engagement, company showcases and dialogue. It can serve as a home-base to convene delegates, portfolio companies and partners. (Note: Partners are responsible for the design and production of the interior of the House.)

Your investment as a House Partner includes:

- Additional CERAWeek Innovation Agora Passes to invite Partners, customers and innovation ecosystem members
- Dedicated space in your House to host partner-branded hospitality receptions
- Project plan for managing your House presence
- Ability to publish In-House activities and programming to the Agora jumbotron & mobile app
- Included with the House are conference-wide Wi-Fi, and nightly porter services
- VIP Tours

Partnership with the CERAWeek Agora program is an opportunity to engage with the innovation community, to directly influence and impact the energy future, and to deepen relationships with key stakeholders.

“I found the Innovation Agora to be outstanding from a networking and knowledge leadership standpoint. Great, frank and honest dialog of our challenges in this area across the ecosystem, and superb networking.”

Jeff Benoit, Vice President, Clean Energy Solutions, PSM – a Hanwha Company

About CERAWeek: Conference overview

CERAWeek is comprised of three mutually reinforcing platforms designed to share ideas and foster relationships.

- The centerpiece is the week-long **Executive Conference** featuring conference-wide Plenaries, Strategic Dialogues, and Expert Briefings. These offer comprehensive perspective on the changing energy landscape across all segments of the industry on a global and regional basis.
- **Partner and Professional Development Programs** include Leadership Circle communities—exclusive gatherings designed to promote high-level discussion and interaction among senior executives and officials; Ministerial & Regional Forums; EPICs (Energy Partner Informal Dialogues), as well as partner receptions and informal briefings.
- The **Innovation Agora** is an immersive and dynamic program advancing the energy innovation ecosystem and fostering solutions to the greatest challenges. The Agora utilizes creative interactive formats to foster an open marketplace for ideas, dialogue, experiences, and connections.

Chairman

Daniel Yergin, Vice Chairman, S&P Global, serves as Co-Chairman of CERAWeek

Dr. Yergin is a highly respected authority on energy, international politics, and economics.

He was described by Fortune as “one of the planet’s foremost thinkers about energy and its implications”; by TIME Magazine as the “one man whose opinion matters more than any other on global energy markets”; and by The New York Times as “America’s most influential energy pundit.”

Dr. Yergin is author of the Pulitzer Prize-winning, best-selling book The Prize as well as the best-selling The Quest: Energy, Security, and the Remaking of the Modern World and most recently, The New Map: Energy, Climate and the Clash of Nations.

CERAWeek Executive Conference

CERAWeek convenes some 8,100+ delegates in person and over 1400 speakers, from over 2,050 organizations representing 80 countries. These include over 450 C-Suite Executives and more than 80 ministers and government representatives.

Participants encompass all regions and industry segments, from oil and natural gas to electric power, minerals and renewables, emerging technologies, finance, mobility, hydrogen, and more.

CERAWeek Ecosystem

Thought Leadership

Meaningful engagement, leading conversations through:

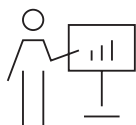

- Platform with reach and impact
- EPICs (invitation-only dialogues with government officials)

Community

Engage with leaders committed to advancing the energy future through:

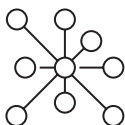

- Leadership Circles & Forums (senior-level dialogues)
- Future Energy Leaders and Professional Development Program
- Women in Energy
- Bilateral meetings and networking

Learning

Receive cutting edge and impactful research through:

- S&P Global industry experts
- Lyceum and Workshops

Brand Impact

Maximize and expand global brand impact through access to:

- Top-tier, global media outlets
- Distribution of press releases, announcements, and more
- Platform to host media events
- Alignment with our social media team to amplify social media campaigns

“The quality of the people always amazes me. When you have the Secretary of Energy from the U.S., the Secretary of Energy from the European Union, and the CEOs of all these major companies – it's unlike any other.”

Rob Schapiro,
Senior Director, Energy Partnerships, Microsoft

Speakers

CERAWeek speakers are among the most influential industry executives, policymakers, and thought leaders. S&P Global senior experts present and moderate the dialogues.

Global leaders who have contributed recently to CERAWeek:

Bill Gates

Founder,
Breakthrough
Energy and TerraPower

**Hon. Jennifer
M. Granholm**

Secretary of Energy,
United States
Department of Energy

Adam Selipsky

Chief Executive Officer,
Amazon Web Services

Amin Nasser

President & Chief
Executive Officer,
Saudi Aramco

Vicki Hollub

Ministério dos Recursos
Minerais, Petróleo e Gás

Media and Partnership Support

CERAWeek receives extensive print, digital, and television coverage from over 325 reporters representing over 100 media outlets, making it one of the most intensely covered executive gatherings in the world.

This concentration of media coverage provides significant opportunity for formal and informal press interactions. CERAWeek also has significant social media reach and impact.

The CERAWeek media program supports Partners to help maximize media coverage and communications.

- Coordination with the S&P Global media and social media including periodic conference calls (with multiple partners).
- Access to media facilities during CERAWeek for press conferences or media briefings.
- Access to CERAWeek studio for interviews with partner executives (must schedule in advance).
- List and email contact information of registered media.

“It's been great to be able to share with the world what we're doing and announce it here at the most important energy conference in the world.”

Mark Lundstrom, Founder and Chief Executive Officer, Radia

“Our news coverage during CERAWeek reached an audience equivalent to 15% of the world population.”

Matthew Stroud, Director, External Communication, Williams

CERAWeek Innovation Agora

Where energy, innovation and technology meet

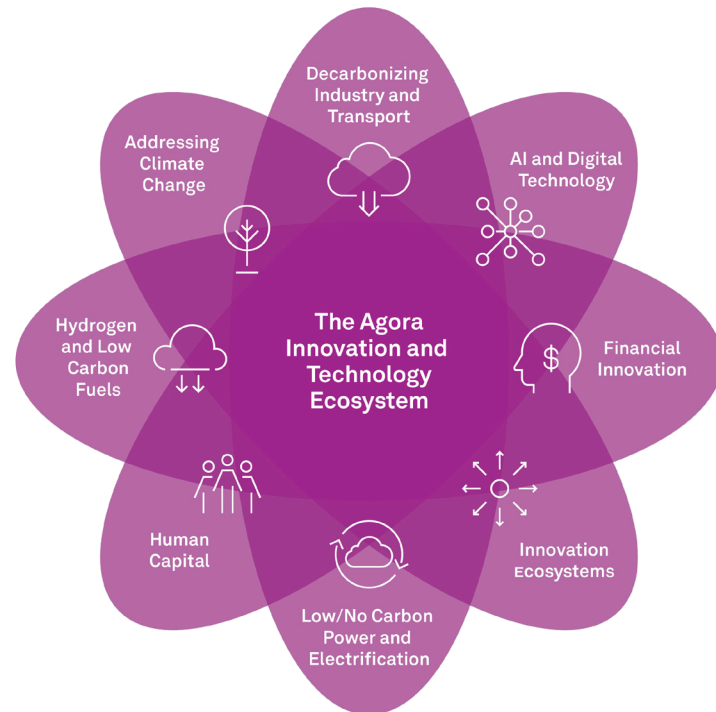

The **CERAWeek Innovation Agora** is a vibrant and interactive marketplace of ideas on energy innovation and emerging technologies. This exciting program includes opportunities to learn, connect, and create.

The Agora is dedicated to advancing solutions to the greatest challenges facing our energy and environmental future. It brings together a community of technologists, startup entrepreneurs, VCs and investors, thought leaders, policy makers, and corporate innovators—all committed to exploring new pathways for lower emissions, affordability and reliability.

Our focus is on transformational technologies—from hydrogen and clean power generation to CCS, advanced nuclear, e-mobility, generative AI and digitalization, quantum computing, robotics, drones, blockchain, additive manufacture, reimagined smart grids, cities of the future and more. We also explore the workforce and skills needed to advance these.

Formats include:

- **Agora Studios** – Dialogues among innovation leaders on emerging and disruptive technologies.
- **Voices of Innovation** – Up-close conversations with foremost innovators and thought leaders.
- **Agora Hubs** – Dedicated zones for sharing ideas and insights, exploring the technology frontiers around a central theme and topic area.
- **Agora Pods** – Start-ups and innovators showcase new ideas, technologies and innovations across the energy ecosystem.
- **Learning Lyceum** – High-impact learning on emerging topics through engagement, collaboration and timely briefings.
- **Agora Partner Houses** – Dedicated spaces for delegates to experience transformative technologies.
- **Clean Energy Commons** – A space for informal interactions and connections in a casual setting with refreshments and beverages.
- **Partner Installations** – Presence in the Agora featuring demonstrations of leading-edge solutions from Partner organizations.
- **Technology Corridor** – Featuring start-up stations where delegates can meet entrepreneurs building promising companies.
- **Book Signings** – An opportunity to meet and receive a personally autographed book by a leading energy authority.

“For us, participation in CERAWeek was tremendously valuable – a rich trove of solid companies, new business models, informative talks and discussion, laced with many informal discussions and plans for follow up.”

Vyshnavi (Vyshi) Suntharalingam,
PhD, MBA, Chief Technology & Engineering
Officer, Office of Strategic Capital
(OSC), DoD Office of Strategic Capital

“...an opportunity to peer into and sometimes touch the future.”

Ashely Gilmore, Chief Executive Officer
& Co-Founder, Tracts

Transformational technologies featured in the Agora program include:

- Hydrogen & low carbon fuels
- Clean power generation
- Next-gen renewable energy
- Decarbonizing industry & transport
- Electrification & energy efficiency
- Carbon management, CCUS & direct air capture
- Advanced nuclear technologies
- AI & Digital technology
- E-mobility & charging infrastructure
- Innovation ecosystems
- Quantum computing & network
- Automation, robotics & drones
- Agribusiness, biofuels & waste-to-energy
- Reimagining electricity grids
- Digital ledger technology & blockchain
- Agile design & additive manufacture
- Cities and buildings of the future

Recent Innovation Agora Speakers

**Dr. Ernest Moniz**

Founder and Chief Executive Officer, Energy Futures Initiative; Professor, MIT; Former U.S. Secretary of Energy

**Walter Isaacson**

Best-selling Author and Leonard Lauder Professor of American History and Values, Tulane University

**Jigar Shah**

Director, Loan Programs Office, United States Department of Energy

**Cynthia Walker**

Chief Executive Officer, TES Americas, Chief Strategy Officer, TES Group

**Michl Binderbauer**

Chief Executive Officer, TAE Technologies

**Maria Pope**

President & Chief Executive Officer, Portland General Electric

**Bill Vaas**

Vice President of Engineering, Amazon Web Services (AWS)

**Valerie Ruiz-Domingo**

Group Hydrogen Vice President, ENGIE

**Lord John Browne of Madingley**

Senior Advisor, General Atlantic, Chairman, BeyondNetZero

**Doron Frenkel**

Founder and Chief Executive Officer, Driivz

**Tak Ishikawa**

President & Chief Executive Officer, Mitsubishi Heavy Industries America

**Kendall Dilling**

President, Pathways Alliance

CERAWeek

Partner Programs

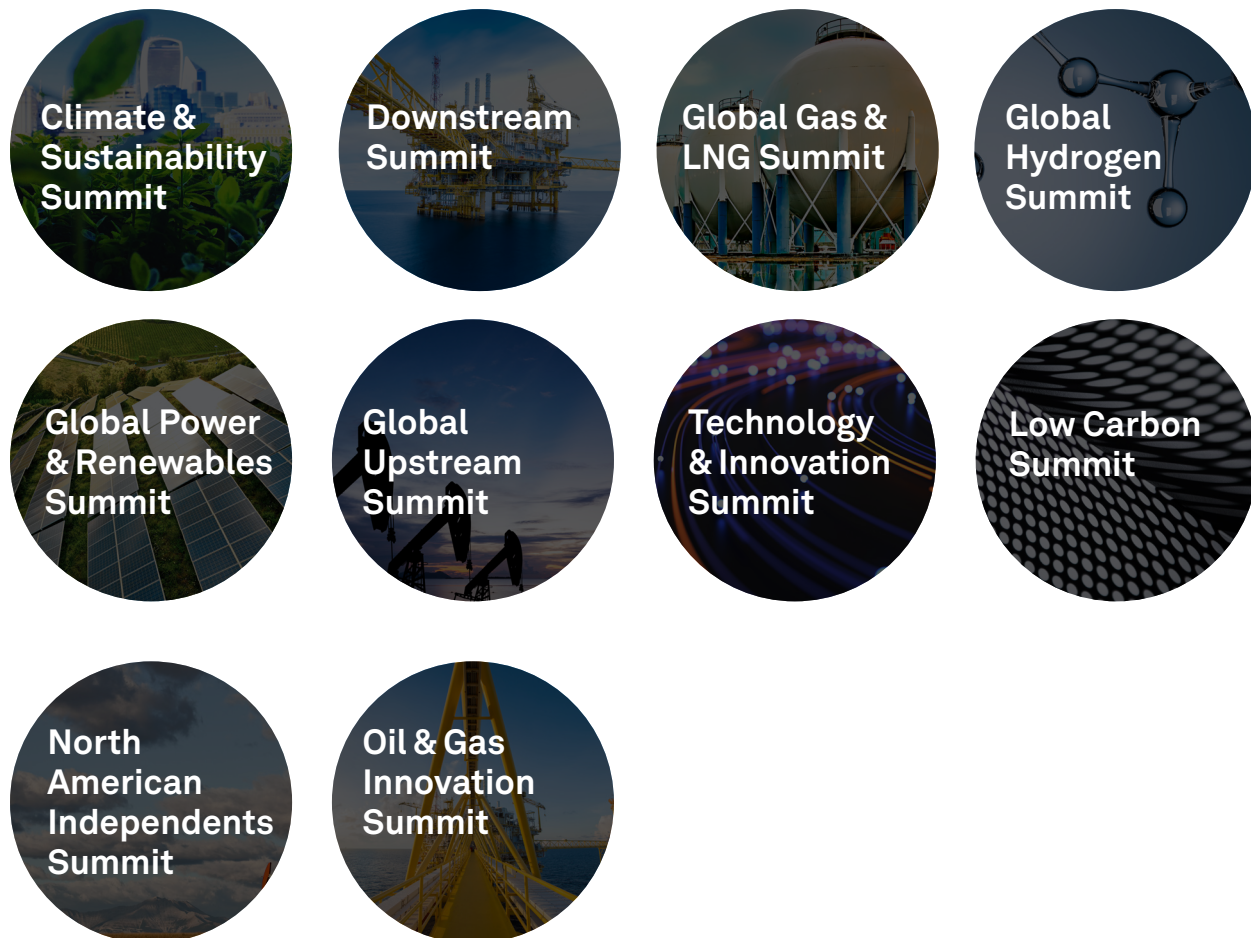

CERAWeek **Partner Programs** convene leaders from key energy communities to discuss common interests and concerns. Participation is determined by seniority, area of focus, and expertise.

Partners receive priority consideration for executives participation in the Partner Program.

CERAWeek Leadership Circle Summits and Forums were established in response to Partner requests for small, peer dialogues. Exclusively for senior-level executives, the program comprises private Summits and Forums convened during CERAWeek to build communities to address and share learning on the most important challenges facing the energy future.

Leadership Circle Summits

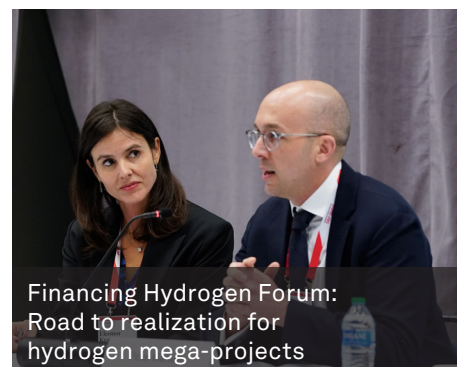

Summits are standing communities that meet each year with agendas determined by S&P Global experts in collaboration with community members. Leadership Circle Summits provide a unique opportunity to explore common concerns, develop new relationships, gain insights and to share experiences and perspectives.

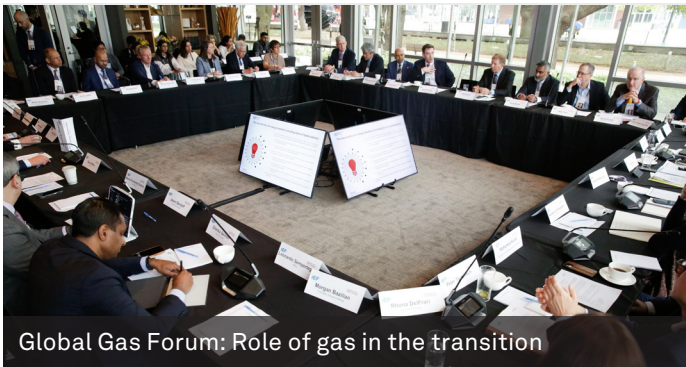

Forums and EPICs

CERAWeek Partners receive priority access to **Forums** convened at CERAWeek. Forums are topical sessions which vary from year to year, focusing on emerging key developments. These include Ministerial and Industry Forums focused on industry topics (agribusiness, innovation, infrastructure, supply chain, nuclear, etc.) and specific regions (Africa, Latin America, Asia Pacific, North America, Europe). Also included are receptions and meals with officials and senior executives. Eligibility is based on seniority, relevance and partnership level.

Industrial Forums

Industrial Forums

C-suite executives share their Leadership Circle experiences

“There are many events around, but usually the high-profile people don't really come. This one was clearly different and distinguished. It felt a little bit like all the conferences we missed this year and where we would usually meet over a beer at the stand after a long day of meetings.”

“Best gathering of senior energy executives anywhere on the planet.”

“The arena that gathers the broadest audience within our industry and represents an opportunity to send a message, a powerful message, from the industry.”

“It was my 1st time to join such type of session and was great to have such a small circle of core stakeholders to informally exchange thoughts/ideas.”

“Very productive.”

“Wonderful and stimulating discussion.”

Regional Forums

Africa Energy & Economy Forum

Asia Pacific Energy Forum

North American Forum

Latin America Forum

North America Infrastructure Forum

Europe Forum

CERAWeek EPICs (Energy Partner Informal Conversations) are small roundtables with ministers and senior public officials for informal discussion. EPICs offer a unique opportunity for relaxed dialogue and unscripted interaction. Partners receive priority consideration to attend EPICs.

Hon. Jennifer M. Granholm, Secretary of Energy, United States Department of Energy

EPIC with **Ditte Juul Jørgensen**, Director-General for Energy, European Commission and Partners

EPIC with **H.E. Eng. Tarek El Molla**, Minister of Petroleum & Mineral Resources, Egyptian Ministry of Petroleum & Mineral Resources

Hon. Michael Regan, Administrator, United States Environmental Protection Agency

EPIC with **Hon. Shin Hosaka**, Vice-Minister for International Affairs, Ministry of Economy, Trade and Industry (METI), Japan

EPIC with **Rt. Hon. Justin Trudeau**, Prime Minister, Minister of Intergovernmental Affairs, and Minister of Youth, Canada

Other EPIC dialogues Partners have attended include:

- **Hon. John Kerry**,
68th US Secretary of State and former Special Presidential Envoy for Climate, United States Department of State
- **Hon. Iván Duque Márquez**,
Former President, Republic of Colombia
- **Bill Gates**,
Founder, Breakthrough Energy and TerraPower
- **Hon. Pedro Joaquín Coldwell**,
Secretary of Energy, Mexico
- **H.E. Jabar Ali al-Luaibi**,
Minister of Oil, Republic of Iraq
- **H.E. Terje Søviknes**,
Minister of Petroleum and Energy, Kingdom of Norway
- **H.E. Khalid A. Al-Falih**,
Minister of Energy, Industry and Mineral Resources, Kingdom of Saudi Arabia
- **H.E. Suhail Mohamed Al Mazrouei**,
Minister of Energy & Industry, United Arab Emirates
- **Hon. James Gordon Carr**,
Minister of Natural Resources, Canada
- **H.E. Ólafur Ragnar Grímsson**,
President, Republic of Iceland
- **John Podesta**,
Senior Advisor to President Biden for International Climate Policy, The White House
- **Hon. Dr. Bharrat Jagdeo**,
Vice President, Co-operative Republic of Guyana
- **Dr. Jörg Kukies**,
State Secretary at the Federal Chancellery, German Chancellery
- **Dr. Patrick Graichen**,
German Federal Ministry for Economic Affairs and Climate Action

CERAWeek Professional Development Programs

CERAWeek **Professional Development Programs** offer unique opportunities to foster engagement by emerging leaders and communities:

The **Future Energy Leaders (FEL)** program provides promising energy professionals opportunities to engage with industry leaders in real-time learning and networking opportunities. FEL candidates, chosen by virtue of their high potential as future leaders of the industry, are submitted by CERAWeek Partners. FELs form a unique community, building relationships that last throughout their careers.

The exclusive **Professional Development Program (PDP)** offers deep strategy and leadership development for a select global community of peers. Held the weekend prior to CERAWeek, it consists of a two-day intensive series of lectures, case studies and interactive discussions with senior industry executives, S&P Global experts and a global community of peers.

Led by Harvard Business School Professor Forest Reinhardt, participants engage in a series of deep-dive case studies and lectures designed to build leadership skills and strategic thinking. Energy Leaders with two days of immersive strategy training.

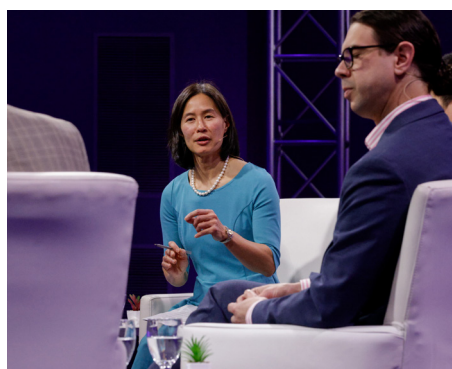

The **Women in Energy (WIE)** program cultivates a community to advance the role of women professionals in the energy industry, embracing an inclusive environment with camaraderie, informal dialogues and networking in support of the growing professional community of women and diverse individuals in energy and related industries. The program promotes informal dialogue and networking and includes a private Women in Energy reception and annual Women in Energy dinner.

Each year, **Energy Innovation Pioneers (EIP)** program at CERAWEEK features a select group of promising startups working on early-stage innovations that have the potential to disrupt the global energy industry. These companies epitomize the spirit and drive for invention characterizing the energy industry.

We are delighted to share with you the 19th annual class of Energy Innovation Pioneers:

- **Bedrock Energy, Joselyn Lai,**
Co-founder and Chief Executive Officer
- **BioSqueeze, Mark Ranalli,**
President and Chief Executive Officer
- **C-Motive, Matt Maroon,**
Chief Executive Officer
- **Cyclic Materials, Ahmad Ghahreman,**
Chief Executive Officer, President and Co-founder
- **IONATE, Matthew Williams,**
Founder and Chief Executive Officer
- **Modern Hydrogen, Tony Pan,**
Chief Executive Officer and Co-founder
- **Svante, Claude Létourneau,**
President and Chief Executive Officer
