iBoxx[®] GBP Infrastructure Index

Transparent, independent, objective, and multi-dimensional coverage across all asset classes.

The iBoxx GBP Infrastructure Index reflects the GBP denominated investment grade corporate bond universe with material infrastructure exposure. The index consists of a subset of bonds from the iBoxx GBP Corporate index. Companies from the Alternative Electricity, Conventional Electricity, Gas Distribution, Health Care Facilities, Pipelines and Terminals, and Water sector are automatically covered by the index. An additional analysis based on the dual sector class definitions outlined in the [iBoxx Infrastructure classification methodology](#) determines if issuers from the Cable and Satellite, Internet Infrastructure Services, Local Government Financing Vehicles, Multiutilities, Other Educational Services, Railroads, Refining and Marketing, Specialized Consumer Services, Specialty REITs, Transportation Services, Travel and Tourism, Universities/Institutes and Colleges, Waste and Disposal Services, Wireless Telecommunications.

The index is part of the global iBoxx index families, fueled by multi-source pricing. iBoxx indices offer representative and objective benchmarks for assessing the performance of bond markets and investments.

Transparency

Documentation on our rules-based methodology for constituent selection, monthly rebalancing and daily total return calculations is publicly available.

Independence

iBoxx[®] products utilise independent multi-source pricing and reference data subject to rigorous quality testing, with a fully documented price challenge process in place. We are committed to administering all financial benchmarks in compliance with IOSCO benchmark principles and is an authorised benchmark administrator under the European Benchmark Regulation (BMR).

Multi-dimensional analysis

A wide range of analytical values are published to support risk, performance measurement and attribution analysis.

Flexibility

iBoxx[®] offers the ability to customize indices to meet specific criteria.

Depth of Data

A broad history of index and sub-index returns and analytics are available and published frequently to support index analysis.
