Ad Sizes	Max Width		Max Height	
Full page w/bleed	8.75"	22.2 cm	11.06"	28.1 cm
Full page no bleed	7.4"	18.8 cm	9.71"	24.7 cm

Publication Dimensions

Trim area:	8.5" wide x 10.81" high (22.2 cmx 28.1 cm)
Live area:	7.4" wide x 9.71" high (18.8 cmx 24.7 cm)
Bleed area:	1/8" (3.2 mm) on each side

Print Specifications (PDF files accepted)

Four-color screen:	133
Maximum density:	260%
Color rotation:	4-color process – CMYK (no spot colors)
Binding method:	Perfect
Printing process:	Offset

Creating Materials Format – PDF

Press-quality Acrobat Distiller settings are necessary to maintain high quality. We can work with PDF/X or most other accepted press-ready settings. All fonts must be embedded, and all colors converted to CMYK. Our printer's distiller settings can be emailed to you upon request.

Submitting Materials Electronic Delivery

PDFs less than 8MB may be emailed to Advertising@spglobal.com.

Other electronic materials and PDFs too large to email should be sent via a file transfer site such as WeTransfer.com. *Please compress all folders into a single file (.zip, .sit, etc.). Be sure to include a PDF proof of the ad, so we know what the final file should look like.*
