Industry Standard
For over two decades, the most trusted and widely adopted benchmarks for investors in private markets.

Data Source
Benchmarks based on financial statements sourced directly from investment fund managers.

Accuracy
Manager-reported performance is independently verified from quarterly and annual audited financial statements.

Investment Experience
Benchmarks are built for investors by investors, incorporating four decades of experience investing in private capital markets.

Depth & Breadth of Data
All major fund asset classes, strategies and geographies dating back as early as the 1980s. Complete performance history from 2,300+ fund managers and 9,000+ funds.

Representativeness
Indices calculated using institutional quality funds, defined as closed-ended, co-mingled funds that invest third party capital.

Index Construction
Cambridge Associates constructs returns using a complete history of the underlying quarterly cash flows and NAVs for each fund which then drives the calculation of performance metrics. Preliminary and published data are available for each benchmark. Performance metrics included are summarized below.
