## Securities Lending Returns in MSCI USA

The MSCI USA Index measures the performance of the large and mid cap segments of the US market. The index covers approximately 85% of the free float-adjusted market capitalization in US. Securities Finance provides the securities lending return made from securities in the index since 2015 and further provides a break down by fee categories, top sectors as well as the level of short interest in the index constituents. There are currently 627 securities in the index and all of them are out on loan.

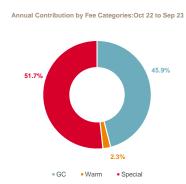

Index base date : 1st Jan 2015
