

## Counterparty Manager: ISDA® Amend

**Sophisticated tool for supporting the exchange of regulatory documentation and information across multiple regulatory jurisdictions**

### KEY STATS

**200,000+**

legal entities

**38,000+**

buyside subscribers

**150+**

dealers accessing documents

The ISDA Amend tool, built on the Counterparty Manager platform enables market participants to make regulatory elections and declarations, and permission this information to their trading counterparties. To help dealers and their clients comply with the disclosure rules, Markit and the International Swaps and Derivatives Association, Inc., have developed ISDA Amend. By simplifying the information gathering process through standardised, online representation letters and questionnaires (based on governing ISDA protocol) accessed through Markit Counterparty Manager, the automated ISDA Amend tool enables users to submit, share and update counterparty agreements quickly and efficiently.

ISDA Amend includes the below protocols and representation letters

### ISDA Amend 1.0 functionality addresses:

- August 2012 Dodd-Frank Protocol
- March 2013 Dodd-Frank Protocol
